YMCA CAMP SURF

FALL FAMILY CABIN RENTALS

FAQ's

FAQ's

May I bring my own food / snacks and beverages?

Yes, but please keep them in a cooler or sealed container. Adult beverages are not permitted at YMCA Camp Surf. Ice is available in town as needed. Cabins do not have refrigerators/kitchens.

If no food is provided, can we cook our own?

Yes, however there will be designated areas for food preparation and cooking is NOT allowed inside any cabin areas. All food must be cooked outdoors. We encourage you to visit some of the many great restaurants that are within walking distance of camp. If you're in the mood for something particular...just ask and we can provide you with suggestions!

How close is parking be to my cabin?

You will need to carry everything that you bring from the parking lot to your cabin. Some families find that carts are helpful. We have limited carts with beach wheels for use.

Can visitors come to camp?

No, in line with social distancing guidelines only family members should be in your cabin and we do not allow visitors on site. Only registered guests and staff should be present.

What do we need to bring with us?

As towels and sheets are not provided by Camp Surf, please plan on bringing twin size bedding or sleeping bags for all bunks. It is helpful to have a towel for the beach and a separate towel for showering. Toiletries are not provided. Although our restrooms have enhanced cleaning, it is recommended to have a caddy for toiletries to avoid placing items on the bathroom counter. It can get windy at the beach, so a warm layer for evenings is likely needed. Pack enough clothes to last the weekend. Please make sure each guest has a hat, sunscreen, and a water bottle to stay hydrated during the day.

What about cleaning and sanitization products?

You should bring a good supply of hand sanitizer for your family's use, and masks for each person to wear when appropriate. Masks are required at check-in, in restrooms, and any other time that social distancing between families is not possible.

How bathrooms and showers set up?

We have a central shower house with bathrooms, which are divided into male/female sections. Shower and toilet stalls are private. For social distancing purposes, the number of persons in the bathroom at the same time will be limited. Shower houses will be cleaned and sanitized several times daily. There is hand sanitizer at the entrance, and guests are also asked to wash hands and then use sanitizer upon exiting the building.

Is there WIFI?

Yes, there is WIFI access on the dining hall patio.

How are we going to maintain social distancing at activities?

Self-guided activities are on a first-come, first-served basis. If another family is currently utilizing an activity area we ask that you maintain your distance until your turn arrives.

Can we build a campfire?

We have fire rings throughout camp and on the beach. Fires can only be built in designated areas using firewood. We will provide you with matches and a fire starter since county guidelines prohibit accelerants, paper, or anything but wood to be burned. Let us know if you would like to have a campfire and we will assign an area to you for use.

Are there restaurants and shops nearby?

Currently, there is a variety of shops and restaurants open nearby. There are several grocery stores and pharmacies on the way to camp. There are also a wide variety of restaurants for take-out or dining with restrictions. If you choose to go out for a meal just let us know so we are not expecting you.

Can we bring our pets?

Guests are not allowed to bring pets on site. Enjoy the time free of walks and feeding times!

What are the Check-In/Check-Out Guidelines? Check-in begins at 4pm on Friday and ends at 8pm. A staff member will screen for virus symptoms before allowing you into your cabin. On the day of your departure, we ask that you leave your cabin clean, swept, and dispose of all trash and recycling in the nearest trash receptacle by 5pm Sunday.
