CENSUS 2020

The next Census is in Spring 2020. Let's ensure all Californians are counted so we can put those resources to good use here at home! The data collected will help build schools and roads, create jobs, improve housing and fund community programs for seniors, children and families. The more individuals who are represented in the Census, the more funding your community receives. **For more information, visit CountMe2020.org.**
