TESTIMONIAL

My daughter, Charlee has been taking gymnastics at the YMCA for a year now. When she started she was shy and wouldn't talk to people and very nervous. Now because of the confidence she has gained from gymnastics she is an outgoing and much more confident kid. The staff here are amazing and you can tell they absolutely love working with the kids. Charlee has learned so much in such a short amount of time. She goes home and continues to practice daily and can't wait for her next lesson. She amazes me every day with all the flips and tricks she is learning. We are so happy having her in such an amazing program and I can't wait to see what she continues to learn here.
